Mons Chapter again had a very successful year under the capable leadership of Mrs. J. Shannon. On behalf of the members, Mrs. H. Lynch-Staunton presented her with an I.O.E.E. silver coffee spoon with crest. Mrs. Lynch-Staunton expressed the appreciation of the members for the splendid service and energy displayed at all times by Mrs. Shannon.

Mrs. Ed Ford was then installed.

## MELVIN W.I. HOLD SUCCESSFUL FOLD SALE

The regular meeting of Melvin W.I. was held on February 13 at the home of Mrs. Phillips, with 17 members and two visitors present. It was decided to send members a cup and saucer if they are a patient in hospital.

Mrs. H. Fischer is to attend the Cancer Workshop in Calgary on March 1. Many thanks to Mr. Kossowar for the use of his place for the food sale, at which \$24.30 was realized. It was decided to donate \$25 to the rest room project.

Mrs. Lloyd Chandler and Mrs. E. Gooding were winners in the sweet bread contest, while Mrs. Lloyd Fischer and Mrs. Vance Shields were their pickles.

March meeting will be held at Mrs. Chandler's; roll call will be articles for the handicraft display.

## ZELLA NEWS NOTES

(From Our Own Correspondent)

Mrs. A. Waldruff was hostess to 13 members and three visitors for a W.I. meeting Thursday afternoon, Feb. 14. There was a pair of four sack pillow cases in the 12 pair will be donated to the Senior Citizens' Home.

Mrs. H. Christensen was the recipient of an A.W.I. ring for her three years perfect attendance.

Mrs. J. Johnston received an A.W.I. ring for her three years perfect attendance.

Mrs. E. Lowrie was delegated to attend the Cancer Workshop to be held in Calgary March 1.

The paper on succession duties received considerable attention. For Mrs. Tony Spooner's handicraft, Mrs. E. Waldruff demonstrated huck weaving. The balance of the afternoon was spent in completing the year's program. Door prize was won by Mrs. C. Gibbs.

Mrs. J. Johnston will be the next hostess, Thursday, March 21, when a picnic contest will be held.

Mrs. Bill Eggen and Mrs. Harold Braun sponsored a military whist party at the Zella community center, Wednesday, Feb. 13, when 12 tables were played. Entire proceeds were donated to the W.I. Successful defenders were Eleanor McConnell, Kathleen Eggen, Ted Bolton and Art Jones. Congratulations went to Mrs. J. Johnston, Mrs. G. McCracken, E. Waldruff and Harold Braun.

Mrs. J. Johnston and Mrs. Mike Knights will be co-hostesses for a military whist party at Zella Wednesday evening, Feb. 27. Everyone welcome.

Mrs. Emma Jahnhke returned on Tuesday, after spending a few days in Didsbury hospital.

## Real Pioneer Dies In Calgary

One of the original pioneers of the Didsbury district, Mr. Manasseh Weber, aged 84, died last Wednesday, Feb. 13, at his home in Calgary.

Mr. Weber started a homestead two miles from the townsite of Didsbury with the first group of settlers in the region in 1894. During more than half a century in the area, he became widely known for various inventions, and as owner of the area's largest business, the Rosebud Flour Mills, which was destroyed by fire in 1948.

A very interested in spreading the fame of Didsbury throughout the country, one of his last tasks was compiling, and assembling in book form, the history of the area, written entirely in rhyme. The book, containing more than 400 stanzas, was published recently and made available throughout Canada.

A respected citizen of the community, Mr. Weber, in 1894, wrote a regular column for the Didsbury Pioneer on pioneer life in the area, under the nom-de-plume of Pioneer Citizen.

He retired to Calgary in 1953 to write the history of the area, and finish a series of hand-drawn sketches to illustrate the history.

Born in Berlin, Ont., Mr. Weber moved to Didsbury in 1894. He established his homestead and farmed it until he moved to the United States to complete his schooling. He returned to Didsbury in 1903 and continued farming until 1906, when he moved into Didsbury and established his flour mill. The mill was destroyed by fire in 1910, but was reconstructed by Mr. Weber in 1911.

Active in civic affairs while in Didsbury, Mr. Weber served a number of years on the school board of that community.

He is survived by one daughter, Reta Miriam, of Calgary.

Funeral services were held at the Gooder Funeral Chapel Monday at 1:30 p.m. with Dr. G. O. Switzer officiating. Graveyard service was held in Didsbury at 3:15 p.m.

## WEST NOTES

(From Our Own Correspondent)

Elkton Willing Workers held their February meeting at the home of Mrs. Glen Evans last Wednesday. With most of the members present, many blankets were edged and Red Cross sewing was done. It was decided that each member should bring a article worth not more than one dollar, to the showing of pictures on Wednesday in the school. These articles will be auctioned off to help replenish the club fund. It was also decided to hold a bingo game in the school later in March, in aid of the community chest drive. Less games to be played and better prizes given. Each member to donate \$5 towards the prizes and one better prize to be purchased for a blackout. Next meeting will be held at the home of Mr. Gordon Beland in the school chub was appointed as delegate to the Cancer Workshop.

The Elkton Willing Workers held a picnic for the children of the district, as well as Rube district, on Saturday afternoon. Hot dogs, cakes and soft drinks were served to a good crowd.

Mr. and Mrs. W. Ragas were supper guests with Mr. and Mrs. A. L. Hogg Sunday evening.

Winter has returned, with lots of snow and chilly winds. We didn't think it was spring at all, the ground had not seen his shadow.

Sundre bonspiel is now on, with the Madden not completed because of the warm weather last week. The two ladies' teams from here, who went to the Cremona 'spiel', came home with prizes.

## EAST NOTES

(From Our Own Correspondent)

Congratulations are being sent out to Mr. and Mrs. Albert Cluney of Vancouver, on the birth of a daughter, born Feb. 10. Mrs. Cluney is the former Esther Schumaker.

Mrs. Thomas Marsh, and her sister Mariene, were recent dinner guests with Mr. P. Schumaker and family.

Mr. and Mrs. Albert Milne and Shaula and Mrs. Raymond Schumaker and Wayne, and Mrs. Bruce Shells and Linda were Sunday guests with Mr. and Mrs. Roy Howell and family, the occasion being Mr. Foster Howell's birthday. Relatives from Sundre visited on Sunday with Mr. and Mrs. Thomas Marsh and family.

Mr. and Mrs. Adam Luft and Audrey, of Cremona, were Sunday dinner guests of Mr. and Mrs. P. Schumaker.

Mr. and Mrs. Walter McCulloch and Leonard, and Mrs. Stanley Schumaker and Ronald, called on Mr. and Mrs. Alfie Thompson Sunday evening.

Congratulations to the Wittmer rink who were in the prize list at the Midway bonspiel last week.

Mr. and Mrs. Keith of Edmonton visited with Mr. and Mrs. Chris Ehret and Mrs. Elsie Ehret and family on February 10th.

## Ramblers One Game Up In Chinook League Playoffs

Didsbury Ramblers dropped out of the intermediate "B" playoffs by virtue of a shortage of rinks. They lost the first game and won the second, but the goals scored by the opposition, Drumheller, was just a wee bit too much to overcome.

You may not have heard, but both games were played in the coal city. The way things turned out the local lads lost prestige in going to the sidelines.

Things were different in Trochu on Monday night when Ramblers trounced the home team by a 9-3 count. McCoy, Shantz and Twin each counted a pair for Didsbury, while Devine, LaVerne Neufeld and Aulick counted each one singleton.

This was the first playoff game in the first round of the Chinook League.

Second game in the best of three series will be played in Didsbury

## WESTERDALE NEWS

(From Our Own Correspondent)

February meeting of the Willing Workers was held last Wednesday afternoon at the home of Mrs. R. Jackson, with 13 members present.

Roll call was answered with "bright sayings of the young fry."

A motion was passed to donate \$10 to the Olds rest room. It was agreed that a piece of linoleum be purchased for the hall kitchen table, also four loaves of bread and the makings for sandwiches for the variety corner. Mrs. W. Heber offered her home for a military whist party on Monday evening, February 25.

An impromptu speech on "Calgary" was given by Mrs. W. Herbert.

Mrs. J. E. Bolton conducted a contest on naming radio announcers, which was won by J. Cowie. Mrs. Ben Kerahaw was the winner of the hostess prize.

Mr. and Mrs. J. Cowie visited at the home of Mr. and Mrs. Jim Whitlow of Cremona recently.

Mr. F. Moore and Mr. R. Jackson returned home last Thursday after spending the fore part of the week in the Leithridge area. They spent the nights at the home of Mr. and Mrs. L. Wall of that city.

Best wishes for a speedy recovery are extended to Mrs. J. Jackson, who is a patient in hospital. She was taken to Calgary for further treatment by her sons, Stan and Harry, and Mrs. R. Jackson.

Appreciate thanks is extended to all who participated in the variety program Friday evening, at which a good crowd was in attendance. Proceeds totaled \$63.25.

The appearance of the hall stage was greatly improved last week when several of the men lined the walls and ceiling with plywood.

## To Celebrate Founder's Day

CENTENARY THINKING DAY

Since 1908, when the Girl Guides began, the 22nd of February has been an annual milestone. It is the birth of the Founder of Scouting and Guiding, Lord Baden-Powell of Olivel. Strangely enough, it is also the birthday of his famous wife, the World Chief Guide.

It has been named Thinking Day and is the time when all Guides refresh their thoughts and their knowledge of Guiding and Girl Scouting in other countries.

The founder was born in 1857, so in 1957 thoughts are concerned with his life and with the growth and development of the gift which he gave to the youth of the world.

On Friday, Feb. 22, the 1st Didsbury Company of the Girl Guides will be gathering to celebrate the 10th anniversary of Lord Baden-Powell, and the birthday of the World Chief Guide, Lady Baden-Powell. This celebration will take the form of an enrollment service and a special program in tribute to the Centenary year. Special invitations are extended to the Brownies and their mothers to attend this gathering in the Lions hall at 8 p.m.

## Ice Carnival On The Way

Check the posters that will be out this weekend as regards the Lions Club annual ice carnival. You'll get more details in these columns next week, but for the present we'll just say the weather seems right, the program sounds very good, and we can only hand on one suggestion — get your costumes and chuck-wagon teams in order now. If your wares are dull, the Lions Club don't care — fall down, they'll pick you up — they haven't as yet made any murrums about paying for treatment of sore muscles last week.

Remember the date, Saturday, March 2. Plan to be there!

## MOUNTAIN VIEW

(From Our Own Correspondent)

There will be a dance at Mountain View hall this Friday, Feb. 22. Reese's orchestra, everybody welcome.

Last Sunday dinner guests with Mr. and Mrs. James Worrall were Mr. John Thomas and Ron.

Mr. and Mrs. David Pratt and family spent Sunday afternoon visiting in Red Deer.

Sunday dinner guests with Mr. and Mrs. Lawrence Hunter and Donna were Mr. and Mrs. Bernard Parsonage and Mrs. Dick Newton and family, of Innisfail and Penhold.

Sunday dinner guests with Mr. and Mrs. Ed McNeil and boys were Mr. and Mrs. John Kohut and sons.

Miss Nellie Sullivan of Calgary spent Sunday with her sister, Mrs. Dave Gooding and family.

Mr. and Mrs. Charles Snyder, Mr. and Mrs. Doug Gooding and Mrs. and Mrs. Glen Roberts gave Mrs. R. Roberts of Olds a surprise birthday party at their home in Olds last Wednesday evening.

Mrs. Arthur Gebers is visiting in Edmonton this week.

Mr. Herschel Fry, Mr. John Kohut attended the funeral of Mr. James I. Hill in Calgary on Saturday. Mr. Hill was a former resident of this district, having lived on the farm just south of Trochu, now farmed by Mr. H. N. Fry.

## Band Concert Next Monday

Knox United Church Men's Club have a treat in store for all music lovers when they open the curtain at the school auditorium Monday evening on the Hopkins School of Music 35-piece concert band.

The different laurels that have been won by bands, under the direction of Mr. B. Hopkins are hard to enumerate, but there is one sure thing, when he steps out with his baton, you can expect to hear some music, real music.

Be on hand Monday evening and you'll really know what it's all about, and you won't be sorry.

## ANNOUNCING TO THE RESIDENTS OF ALBERTA

### Financing Plan of THE ALBERTA GAS TRUNK LINE COMPANY LIMITED

The Alberta Gas Trunk Line Company Limited has been set up by an Act of the Legislature of Alberta, to build, operate and own the pipeline system which will be the vital connecting link between the gas of Alberta and the Trans-Canada Pipe Lines Limited system. The Company's first operation will be the construction of its \$10,963,000 line to the Blindfold and Provost areas, from which Trans-Canada will draw its first gas next Fall.

### FIRST PUBLIC SHARE OFFERING CONFINED TO RESIDENTS OF ALBERTA

To insure that the people of Alberta are given the opportunity to invest in the pipeline and participate in the development of Alberta's Gas Resources, the Company has adopted the policy of restricting this offer of Class "A" common shares to bona fide residents of Alberta.

This Issue: 2,552,320 Class "A" common shares  
Arrangements have been completed to raise approximately \$12,750,000 through the sale of 2,552,320 of its Class "A" common shares to Alberta residents. The offering price to the public will be \$5.25 per share.

### How to Purchase Shares

Bona fide residents of Alberta who wish to obtain shares are invited to place their order with any Registered Alberta Investment Dealer, Local Banker or Provincial Treasury Branch. For such orders to receive consideration, full payment must be made at the time of ordering, and orders must be placed prior to close of business Saturday, March 2nd, 1957.

Canadian Pacific Airlines' Toronto-Mexico City, Vancouver to Mexico City non-stop flights a-board "Empress" airliners provide holiday-bent Canadians with an

opportunity to visit the fabled land of the Aztecs. The white sands of Acapulco, beaked beach and surf enthusiasts, and the Mexican divers provide daily thrills for tour-

ists as they risk their lives in high dives from rocky pinnacles into the Pacific Ocean. Pottery decorations and the ruins at Tula are extra attractions for the visitors.

#### Slow Down ...

A canny farmer who made it a rule before speaking, was approached by a stranger one day and asked: "How much is that prize Jersey heifer of yours worth?" The farmer thought a moment, then asked: "Are you the tax assessor, or has she been killed by a train?"

#### HOLDING OFF THE INVADING PESTS ! !

The province of Alberta is waging a ceaseless war to repel the relentless advance of invading hordes along her eastern border. The triumphant enemy has conquered most of the world and the people living under domination pay a stupendous toll to support and maintain them in the manner which they demand. Of course, all

the above refers to rats. Alberta is the only unconquered area in Canada, but the hostile forces have driven 12 miles inside her border south of the North Saskatchewan river. During 1956 they seized 492 farms and business places but suffered casualties of 28,000 killed and were held all along the line and driven out of some areas completely.

J. B. Gurne, assistant supervisor of pest control for the province of Alberta, gives this report. On the rat situation in Alberta and states that with vigilance Alberta can maintain her freedom "from this ancient and expensive pest."

#### Regular Meeting Of West Didsbury Calf Club

The West Didsbury Calf Club held its regular meeting at the home of Mr. A. Blain on January 31 at 8 p.m.

Members judged two classes of Hereford calves. Following this the group moved to the house, where the meeting came to order with the 4H pledge. Minutes were read and adopted. Reports were given on "vitamins" and Delbert Larson spoke on "calf pneumonia."

Next meeting will be held at the home of Mr. Harvey Hosegood on March 7th, at 8 p.m.

#### Ministerial Topic ...

A mild-mannered minister accepted the call to a church in a town where many of the church members bred horses, and sometimes raced them. A few weeks after his appointment he was asked to invite prayers of the congregation for Lucy Gray. Willingly and gladly he did so for three weeks. On the fourth Sunday one of the deacons told him that he need not do it any longer.

"Why?" asked the minister with an anxious look. "Has she died?" "Oh, no," replied the deacon. "she won the steeplechase yesterday."

#### HIGHWAY DEATHS UP IN JANUARY

Alberta cities and towns had no traffic deaths in January, but there were 11 on rural highways which were reported by RCMP, according to a summary of the month's accidents, compiled by the Alberta Safety Council.

In the first month of last year there were nine traffic deaths in the province, of which eight were in the rural areas and one in Edmonton. The over-all accident total for January was 2,042, as against 1,718 a year ago. This rise was accounted for largely in the rural areas where the number went from 680 to 1,002.

Last month there were 301 persons injured in rural smash-ups, compared with 188 in the similar month of last year.

The Safety Council has intensive work planned on a campaign scale this year, including farm safety and other phases of safety education.

Life is ten per cent what you make it, and ninety per cent how you take it.

**CHRISTIAN SCIENCE**  
 How spiritual understanding of God as divine Mind opens the way to greater abilities and opportunities will be brought out at Christian Science services Sunday.

Readings in the Lesson-Sermon entitled "Mind" will include the following from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (128:14): "A knowledge of the science of being develops the latent abilities and possibilities of man. It extends the atmosphere of thought, giving mortals access to broader and higher realms. It raises the thinker into his native air of insight and perspicacity."

The Golden Text is from Romans (12:2): "Be not conformed to this world; but be ye transformed by the renewing of your mind; that ye may prove what is that good, and acceptable, and perfect will of God."

#### Fashions In Suicide ...

In the U.S., 37% of all suicides kill themselves with firearms. This is the most popular means. This would bear out the reputation of Americans for speed and efficiency. In more leisurely Britain the gas oven, chosen by 34.9% gets preference over violence. In Germany a majority of all suicides, die by hanging; and somehow this fits the popular notion that the Germans have a masochistic streak. It is a gloomy subject. The cheerful aspect of the statistical report on international suicide is that very few people decide to end it all. Only one in every 3,000 in the country with the highest annual rate and one in every 30,000 in the country with the lowest.

## Notes From D.A.

By HOWARD J. FULCHER

There are quite a number of municipal seed cleaning plants operating successfully in the province of Alberta. Movement is underfoot in this area to establish one of these plants. Although the location of the plant is not definitely established this will be done very soon.

In most cases the plants are located on railways, although this is not essential. It is, however, quite essential to have them located where good market roads are present. It is also desirable to have the location where a market centre is established and banking facilities available.

At present in this municipality there are cleaning establishments at Didsbury and Olds, while no such facilities exist in Carleton Place. The question of distance is not too great as there are excellent roads in most areas.

These Municipal Cleaning Plants are all built along a very similar pattern; they have a capacity of cleaning over 300,000 bushels per season. The cost of these plants, with the cleaning equipment, is about \$42,000; this cost is shared equally by the province, municipality and the farmers.

The plants are completely equipped for cleaning seed; they have a Superior Terminal 4 Indent machine and either a Clipper M5472 or the Clipper 246D wind and screen machine. This combination of machines have proven quite satisfactory, both for quality and quantity of work done. The plants are also equipped with machines to treat for seed-borne diseases.

These plants, as well as cleaning grain for the farmers in the area, act as distributing centres for seed. This may mean only the shuffling of seed within the area, but in cases of seed shortage can be used to bring in grain from distant points, clean it, and distribute it to those who require seed.

The equipment, facilities and operator can, and do, turn out very satisfactory work in all areas where a plant has been established.

If we had paid no more attention to our plants than we have to our children, we would now be living in a jungle of weeds.

W.I. To Celebrate  
60th Anniversary

On February 13 the Lone Pine W.I. met at the home of Mrs. Owen Milne. Twelve members and five visitors were in attendance. Mrs. O. Milne acted as secretary. Mrs. J. Underhay gave the sick convalescent's report.

Mrs. Pete Schumaker will attend the Cancer Society Workshop in Calgary early in March. It was reported that two successful card parties were held and another is scheduled for Feb. 20 at Mrs. A. Patterson's.

Two quilts are to be made for social services.

In commemoration of the 60th anniversary of all the institutes an account of the history and accomplishments of the A.W.I. was presented. "Women in the United Nations" was the subject of United Nations report.

Mrs. Orvel Schneider, Mrs. Jack Underhay, Mrs. M. Siebert, Mrs. Sam Elliott and Mrs. C. Ehret, received gifts for perfect attendance in 1956.

Mrs. Pete Schumaker was the winner of the contest and Mrs. O. Milne won the 10-cent draw.

The March meeting will be held at Mrs. Ronald Milne's on the 13th. Anyone wishing to give good used clothing to Unitarian Services are asked to bring them to this meeting, or send them in with a member.

Moravian Church  
Celebrates Anniversary

(Part Two — Contributed)  
 The organized existence of the  
 Unitas Fratrum was ended by the  
 30 year war of 1618-1648. How-  
 ever, faithful members kept the  
 church alive secretly.

Several Brethren left their homes  
 in Moravia in 1722 and founded the  
 village of Herrnhut on Count Zin-  
 zendorf's estate in Eastern Saxony.  
 Many interested Christians from  
 various places came to live there  
 and Count Zinzendorf, in the grip  
 of Pietism, tried hard to keep this  
 community within the State church,  
 but did not succeed. They once  
 more became a denomination and  
 were known as the "Herrnhuters"  
 in Germany and later, when mem-  
 bers went to North America they  
 were known as the Moravians, be-  
 cause most of them had come from  
 Moravia.

Itinerant Evangelism in Europe  
 carried on by the Moravians re-  
 sulted in awakening interest in  
 missions. The first mission was  
 launched in 1732, when volunteers  
 went to St. Thomas in the West  
 Indies, and gradually to South  
 America, South Africa, and many  
 other places. Families began go-  
 ing to North America, settling in  
 Pennsylvania in 1740 and in North  
 Carolina and other states. Dur-  
 ing the Colonial period American  
 Moravian centres, patterned after  
 Herrnhut, Germany, were closed  
 communities. From these centres  
 of religious life, missionaries went  
 forth to the Indians of America  
 and across the seas to other coun-  
 tries. Boarding schools were es-  
 tablished and soon the College and  
 Theological Seminary in Bethle-  
 hem, Pa., followed.

Adhering mainly to the idea of  
 "a little church within the church"  
 and attending to disports work  
 rather than a denominational out-  
 look has kept the Moravians small  
 in number. However, extensive  
 home mission efforts with a view of  
 establishing new congregations in  
 the past century has resulted in  
 added numbers of members. Mor-  
 avian congregations are to be  
 found in 15 states in America and  
 in two western provinces of Can-  
 ada.

## "ONE HUNDRED YEARS"

Winnipeg now claims to be the  
 gateway to the West. Edmonton  
 claims to be the gateway to  
 north. One hundred years ago  
 Toronto claimed to be the gateway  
 both to the West and the North,  
 according to an article written in  
 1886.

"Toronto is the metropolis of  
 North-Western Canada and, al-  
 though it is a city of recent date,  
 it is one that will compare, either  
 in public or private buildings, with  
 any city of its size."

In 1791 two families of Indians  
 were the sole population of what is  
 now Toronto. Ten years later, the  
 population was thirty-six in all.  
 But in 1886, when the above quota-  
 tion was written, Toronto had a  
 population of just over fifty thou-  
 sand people. For many years To-  
 ronto grew slowly. It was known as  
 "Little York," and in consequence  
 of the disreputable state of its  
 streets, and the lack of sidewalks,  
 it was usually called Muddy Little  
 York.

It is said that a maiden lady  
 living on Yonge Street made a fair  
 living with her yoke of large oxen,  
 pulling out loads that had bogged  
 down in the street in front of her  
 property.

The year 1887 was marked by a  
 severe financial crisis. Wheat that  
 had been worth \$2.00 a bushel could  
 not be sold at any price. The Cri-  
 mean War was over. The farmers  
 had bought more land to grow  
 more wheat, only to find there was  
 no market. All prices fell. Debts  
 increased and businesses by the  
 hundreds went broke. The year  
 1887 is still spoken of in Ontario as  
 the year of hard times.

In 1887, what was called North-  
 Western Canada, is what we know  
 today as Western Ontario. Here at  
 that time many of our grand-  
 parents played about the yard of a  
 one-roomed log cabin. The small  
 crop of wheat, that was threshed  
 by the old flail, was often stored in  
 the kitchen corner of the cabin. It  
 was the family's supply of bread  
 for the entire year. It had to be  
 taken over bush trails 60 miles to  
 be milled. Little did those rugged  
 forefathers of ours know about our  
 modern comforts, or the shortness  
 of time the journey would require,  
 just a hundred years later. Could  
 they ever dream of a 1937 model  
 car of any make?

Western Ontario has long since  
 ceased to be Western Canada.  
 Rather it is just a small section  
 down east. One hundred years from  
 now what will the people on some  
 new frontier be saying about our  
 town and district? What will be  
 their conception of any of our  
 cities, or of any of the older set-  
 tlements of our great province? What  
 will be their verdict of our trains,  
 cars and buses? How will they  
 value our homes, schools, churches,  
 places of business, hospitals and  
 recreational centres? Will we be  
 criticized by folk living on another  
 planet? So long as man exists he  
 will be reaching out, striving for  
 some new mastery in time and  
 space. We need not be concerned  
 about the length of the reach. The  
 laws of life will take care of that.  
 What we must guard is the direc-  
 tion of the reach, to make sure that  
 mankind moves continuously to-  
 ward the source of all goodness. As  
 one never more clearly the pattern  
 of civilizations that have come and  
 gone, one cannot help feeling that  
 we are, at times, treading some  
 paths that in the past led only to  
 ruin. It is easy to let our sense of  
 values slip into the reverse, to  
 where the multitudes neglect the  
 moral and spiritual and ignore  
 truth.

To often the men in productive  
 enterprises work for a pittance,  
 while some, who are sports and  
 entertainers make millions. The  
 former feed and clothe our people.  
 The latter too often tend toward  
 the weakening of such virtues as  
 enable man to rise to true great-  
 ness. Our teachers, although under  
 paid, lay the foundations for good  
 citizenship, while actors and  
 entertainers lead us to ignore  
 true virtue and step down to  
 portray cheap sentiment and sex.  
 The entire world today is looking  
 our way for leadership of a high  
 order in every field of activity. It  
 is important then that we be loyal  
 to the God we worship and to hold  
 fast to all true virtues. "But be-  
 loved be not ignorant of this one  
 thing, that one day is with the Lord  
 as a thousand years, and a thou-  
 sand years as one day." II Peter 3:8.  
 "Our little systems have their  
 day."

They have their day and cease  
 to be;  
 They are but broken lights of  
 Thee,  
 And Thou, O Lord, art more than  
 they!"

**EXCUSES ! ! !**  
 A man charged with robbery in  
 Vienna, told the court he blamed it  
 on the fact that he had had blood  
 transfusions and had learned that  
 the donor was a habitual thief.

Each individual is naturally en-

 self and the fruits of his labor, so  
 far as it no wise interferes with

**LO VOLATILE 2, 4-D:** This se-  
 lective weed killing chemical has  
 now had two full seasons of field  
 testing in the hands of the farmers.  
 Results indicate that it is superior  
 in many respects to the regular  
 2,4-D.

Among the advantages claimed  
 for L.V. are these:  
 It does not give off vapors to  
 injure nearby susceptible plants;  
 penetrates deeper, giving better  
 kill; action is slower, but sure; far  
 more effective on certain hard to  
 kill weeds.

Wild buckwheat which has been  
 regarded as uncontrollable with  
 ordinary 2,4-D, lady's thumb and  
 Russian thistle, are being controlled  
 with from 5 to 8 Osmail per acre  
 in wheat, barley and rye. The cost  
 of this material is slightly higher  
 per gallon, but this is offset by the  
 fact that lower application rates  
 per acre may be used.

The men who try to do some-  
 thing and fail are infinitely better  
 than those who try to do nothing  
 and succeed.

## LAUDS CIVIC OFFICIALS

Of the hundreds of annual civic general meetings which will be held throughout Alberta in the next few weeks, will make the ratepayers realize the sacrifice, work, effort, time and money spent by councilors, school trustees and hospital board members, each year, it will be the most important contribution to municipal affairs in Alberta history.

Unfortunately, however, most of the speeches from the floor will be unfairly critical, unjustly insinuating and will in the second guessing nature make wrongful suggestions.

Serving on a council, or school board, or hospital group, is a task requiring the finest possible community pride, a constant amount of patriotism and an abundance of time and work. It is a task accepted only by a man or woman of vision, anxious to play an important part for the district.

Members of civic government, records will show, always consider the affairs of the community as being of top importance. Without a moment's hesitation each of them will leave their desk, work bench or place of business, high with their private affairs, to spend hours working out a problem of local government.

Records show that many members of civic government in answering the call of duty to their fellowmen and the community have neglected their private affairs to the state of bankruptcy.

To the just and fair ratepayer there is the greatest respect, admiration and a hearty congratulations to those serving him in civic office.

## THE INDIAN ROW

The Indian rumour has brought to the attention of the public the plight of the Indian and hundreds, perhaps thousands of people are indignant about it. Indignation, however, and sympathy do not help people to see the problem clearly and sentiment does not find solutions.

It is time that the Canadian thought out carefully what he wants to do about the Indian. Does he want him to live reservation life? Does he want to see the Indians diffused through

communities and integrated with them? Does he want to continue to support a growing population of reservation Indians, who by reason of reservation life, will not assimilate into the community? Does he want, through a program of education, to urge the Indian into the usual citizen's pattern of life?

And what does the Indian want? Is he interested in securing equal footing in the community and living the life of a white man? Is it right to pressure him to do so? Does he prefer reservation life and rights? What precisely are these rights and to what individuals of mixed Indian and white blood should reservation rights and privileges be extended?

These are the questions which the recent hullabaloo raises for the thinking person. While the issue of the future of the Sampson band is headlines and heavily underlined by violent attacks on this or that public official, the real problem isn't even being touched. It is a tough question, too, and it won't be solved by sentiment or sympathy or passion. When the excitement about the Hobbema incident is over we wager that most people will promptly forget this uncomfortable problem. This is too bad, for when a lot of sides to the question have been exposed, and that is the time when some good solution might be found, and if not solutions, an acceptable working compromise.

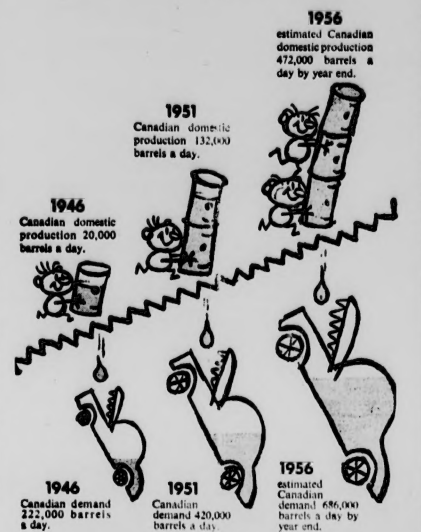

We note that some people deplore the possibility that the Hobbema matter may become an election issue. Let us be clear: an election issue. People who take part then would have to get out and state what solution they have to offer, instead of shirking out in all directions with criticism which exposes the troubling but does nothing to solve the matter. A solution might be found if it made clear what most people want done about the whole Indian question.

## HAVE YOU \$300?

Federal taxes alone in Canada amount to approximately \$300 per head for every man, woman and child.

## Oil Production and Demand Ten Years Since Leduc

Inspired by the Leduc discovery a decade ago, oil men began a stepped-up program that has resulted in many important discoveries in Western Canada. By the end of 1956, Western Canada had almost 10,000 producing oil wells, compared to fewer than 400 at the time of the Leduc discovery.

## REDS RUN FOR COVER ... (In Canada)

A sweeping change in policy is shaping among Canada's Communist-line unions, reports Jack McArthur in The Financial Post. It promises torrid debate among Canadian unions and confusion among Canadian employers — who may be assailed with a variety of claims and counter-claims concerning fellow-travelling unions. The new policy is dictated by one thing — survival. The extreme

left-wing unions' outcasts in Canadian labor have been battered membership raids from affiliates of the 13 million-member Canadian Labor Congress; and by the philosophic storms which have ripped world communism following events in Hungary and other Iron Curtain countries. So self-preservation has persuaded them into the first steps in an entirely new direction.

## No Need For Continuous Advertising

Preachers ...

Should preach only one sermon or so a year. People are against sin anyway, so why harp on it.

Traffic Lights ...

Should be turned off at dangerous intersections to save electricity. Everybody knows it's a dangerous spot and that is sufficient.

Teachers ...

Do not need to review lessons. Tell the children just once and they'll never forget.

Highway Police ...

Stop driving up and down the highways. No need to caution drivers by patrolling highways. Drivers know the law and should obey.

Out of Towners ...

That advertisements in the local paper and mail order firms that send out catalogues are wasting their money. Everyone knows what is sold in the stores in town and they'll all shop at home.

But if you are one of the foolish kind — like the Notre Dame cathedral that has stood for six centuries but still rings the bell every day to let people know it is still there — and believe in continuous, profitable advertising then you will want to advertise in

IN A RECENT advertisement, we made mention of a cost study undertaken by the Department of Agriculture. Only a few highlights were mentioned in the space we had here. The next issue of "Within Our Borders" will see the whole table published. A few extra copies will be available for mailing in answer to enquiries that have been received as a result of the ad.

"WITHIN OUR BORDERS" is a twice monthly publication, sent without charge to those who request it, which tells of government activities in the way of services and happenings. It also contains stories about non-government happenings in the province that are a credit to Alberta. Just write in and ask for it.

THE PUBLICATION is the responsibility of the Department of Economic Affairs. That's the department that looks after advertising, publications, public relations, handicrafts, recreational activities, libraries, auditoriums, films and photographs, industrial development, and tourist travel. It's always on the lookout for ways to improve the economic, industrial, social or cultural well being of Albertans.

ONE OTHER BRANCH handled by Economic Affairs is the Immigration Branch. Much of the initial immigration work is done through Alberta House in London. If you have friends or kinsfolk in the United Kingdom who are contemplating coming to this country, we'd suggest you advise them to get in touch with Alberta House. There's a wealth of information on hand there to help them determine their most advantageous steps in coming to this province.

Be seeing you soon—

Chevrolet is famous for its winning ways. More people buy Chevrolet than any other car.

There isn't a car on the road can touch Chevrolet's record! That's because no other car has so consistently offered the styling, performance and dependability that make Chevrolet an unbeatable value year after year.

Again in '57 Chevrolet outclasses them all! Here's a car that loves to go and looks it! From bumper to bumper it has the sweet good looks and the fine-car luxuries of Body-by-Fisher that put fashion and function beautifully together!

Try it on the road! See how Chevrolet outsteps them all! Try

the smoothest, liveliest V8 or 6 you ever put a toe to. Try the most copied ride and handling on the road! (Glide-Ride suspension, Outrigger rear springs!). Far from resting on their laurels, Chevrolet engineers have made this beautiful ride even better for 1957!

Small wonder Chevrolet outsells\* them all! More and more people are taking to Chevy's winning ways because they're finding that Chevy's value can't be beat! See your Chevrolet dealer now... see why Chevrolet outstyles, outsteps, outsells them all!
